

Healx support of patient groups - 2023

Organisation	Brief description of support provided	Support given	Country where project / activity took place or where the organisation is based
AKU Society	Healx is supporting AKU Society's Black Bone Registry with a commitment of up to \$5,000/year for 5 years.	\$5,000	UK
Beacon for Rare Diseases	Healx sponsored the London Rare Disease Showcase in November 2023. It is an outreach activity to the rare disease community, enabling the community to share knowledge and combine skills as they tackle major healthcare challenges.	£2,500	UK
Cambridge Rare Disease Network (CamRARE)	Healx was a sponsor of CamRARE's RARESummitt 2023. It was an in-person event bringing together various stakeholders in the rare disease community to support rare disease education. Healx was also a member of its Companies Forum.	£10,000	UK
Children's Tumor Foundation (CTF)	Healx was a sponsor of the NF Conference held between June 2023. It is a global event attended by people worldwide, across a wide range of scientific disciplines, all focused on improving outcomes for patients with neurofibromatosis type 1 (NF1), neurofibromatosis type 2 (NF2) and schwannomatosis.	\$10,000	USA
Global Genes	Healx was a sponsor of the Rare Entrepreneurs Bootcamps in April and October 2023. The Bootcamps brought patient organisations together for in-depth educational sessions on the rare drug development process, empowering these organisations with guidance and tools and help facilitate their development of treatments for their rare conditions.	\$500	USA
